// this document will be submitted again at the end of March 2017 //

The delivery date of January 2017 was erroneously documented at ECAS.

After consulting with Svetoslav Mihaylov (see correspondence below) WP3 team submitted this incomplete document and will upload the finalized deliverable by the end of March 2017.

Dear Joachim,

I hereby confirm that I agree with the delivery dates in your email below. Bart, it seems that I cannot introduce a comment for the deliverable in the tool. If you can could you add that the PD has agreed on the below dates?

Kind regards,

Svet

Subject: AW: Urgent: ESPRESSO deliverables with wrong due date in ECAS

Dear Svet,
thank you for your response!

We will deliver D3.2 in February 2017 (as stated in Grant Agreement)
We will deliver D3.3 in March 2017 (ahead of original schedule in GA).

We appreciate your efforts!
Thank you,
-Joachim

Dear Svet, Bart,

We have noticed discrepancies between ECAS and the Grant Agreement in terms of our **deliverable dates D3.2 and D3.3**.

Attached please find a screen shot of the **Grant Agreement** which states
D3.2 is due in Month 14,
D3.3 is due in Month 16
(i.e. February 2017 and April 2017, respectively).

However, ECAS states January 2017 as delivery date for **D3.3**, which obviously isn't ideal since D3.2 hasn't been submitted yet.

We are working on both documents and could (technically) submit D3.3. I would, however, not feel entirely comfortable with the result.
The table summarizing deliverable in the Grant Agreement unfortunately also shows the wrong dates which is perhaps why these dates were transferred into ECAS.

I am sorry for bothering you with this, but could you please adjust the deliverable dates in D3.2 and D3.3 ?

If you have any questions, please feel free to contact me via phone or e-mail.
I am available all day!

Thanks You.

All the best,
-Joachim

Yours sincerely
DIN
